INVITATION

IBU SUMMER BIATHLON WORLD CHAMPIONSHIPS

#VisitCzechRepublic

EUROVISION

Dear Biathlon Friends,

It is with great satisfaction that I welcome you to the IBU Summer Biathlon World Championships in Nové Město na Moravě, Czech republic.

In these unusual and uncertain times, the individuals, companies, and sporting federations need to find ways to shore up all of their capacities to keep developing while waiting for the worldwide pandemics to be at last put under control. When we prepared for the 2020/2021 season, there were many more questions than answers lingering in front of our eyes. We were sure of one thing only: the health of the athletes and all participating stakeholders must be an absolute priority. We spent many hours, organised countless ‘video-call meetings’, and consulted what we believe are the best experts from the relevant fields to prepare a comprehensive plan of measures that allowed us to have an exciting and successful winter season. I am confident that we have set up a set of protocols we can rely on in the future as well, for it has proved effective in very challenging circumstances.

The IBU Summer Biathlon World Championships are returning after a one-year of COVID-19 in-duced break. They bear significant value for our sport as they represent a subtle start of a slow build-up towards the winter season. While they have rarely been an event that would suggest things to come in the winter season, they are nevertheless the first sporting summit of the biathlon family in the new season. They represent a chance for athletes and coaches

to exchange first impressions after their summer training. The IBU Summer World Championships are also an event that gets the attention of the world’s sporting media. They put biathlon back in the news and in the minds of fans. They can also be a confidence booster for the athletes who might have gone through technical changes in the spring and summer months and need to see how they can apply them under pressure.

Towards the end of the 2019/2020 season, Nové Město na Moravě hosted the BMW IBU World Cup. Although the organisers sold out the event after the euphoria that surrounded the highly successful IBU World Championships 2020 in Antholz - Anterselva, the fast-spreading virus forced us to stage the event without spectators. Nové Město na Moravě also impeccably organised the last two weeks of the competitions before last season’s finals. We thus have great trust in the organising committee of Nove Mesto and in the protocols we have established.

That is why I am looking forward to the IBU Summer Biathlon World Championships with quiet confidence and optimism.

I wish us all an exciting summer week of biathlon.

Warm regards,

Olle Dahlin
IBU President
